

CIVSA IS MORE THAN AN ASSOCIATION

Home to over 1,200 active members across 500 institutions internationally, the Collegiate Information and Visitor Services Association (CIVSA) serves as the industry standard for higher education professionals in the field of information and visitor services.

We invite you and your institution to join a dedicated group of professionals who think big, take on industry challenges, strive for excellence and serve as leaders in the field.

HEAR FOR YOURSELF

What one of our members has to say about her experience with CIVSA.

“For me, my more than 12 years in CIVSA has been one of the best parts of my job. Knowing that I have this group of peers that I can reach out to when I need guidance, direction or counsel is so comforting. We've discussed group visits, student development, athletic recruiting, creating a brand new Visitors Center and much more! There is a wealth of knowledge here that I wish more people could experience. Having this resource and these friends has helped me in my career. Getting together at conference is such a treat too. You feel like you're back together with family.”
